Thank you for your note. It could be interested if the listing is quick. Can we  
pls  
arrange to receive diligence materials? May I forward your email internally and  
to potential interested parties?

Subject: New Opportunity High Importance!!

Dear Herr Reedstein:

I have a client who is the 95% shareholder of a Swiss entity "AmeriMark Group AG" with a strong operating subsidiary in the United States. The underlying company has strong earnings and we anticipate being able to have newly issued shares listed admitted to trading on the Euronext access. Timothy Lafoux of Euronext Market Services has indicated that they would accept new shares from the merged entity and invited us to apply as a direct listing as no listing sponsor would be required in that case.

We have several issues to address:

Item I. Bendura Bank the company's transfer agent in Liechtenstein does not want to deliver shares to accounts from U.S. persons unless they have banking and brokerage relationships in Europe or EFTA. The company has 20 such shareholders and so this is difficult and time consuming to do and might not even be possible. We had intended to use nominee shareholders already but now the timing is urgent.

Item II. We need to raise capital perhaps EU 200,000 as a loan or

committed credit line to continue the listing efforts- listing efforts have been ongoing for two years and U.S. shareholders have exhausted their resources.

Item III. We will need to deal with the proceeds of future share sales by the U.S.

persons shareholders. Any introductions to your banking relationships will prevent problems going forward for the shareholders.

Item IV. We need to move very quickly. We will ask BankM and Badner if they will under transfer agent services and need a solution before that.

Because White Tree has already made some small loans to the company you might approach them about additional investment.

I am available to discuss today if needed.

Mit freundlichen Grüßen

Martin:

Thank you for the call. I confirm trigger on Valens and Pello compliance is 50%. Should not be a problem either for transfer agency or personal US person accounts. Valens has been easy to work with re: US persons. We have already discussed with Valens personal accounts for the US shareholders. Should work. The exchange trigger should be the same, means 50%. The US disclosures for Merkosian / US shareholders who hold shares and current accounts I do not have an understanding of.

I will revert back re: your term changes.

Best,

Andy

Thank you for the draft and comments. per client I attach required changes assuming the compliance threshold 51pct. if there is no board seat he will also not give White Tree voting control of AMG so White Tree holding must be <50pct of outstanding equity. We can have a call today to address questions. My schedule is flexible.

Martin:

As discussed I attach a draft termsheet. I have reduced the holding in Whitetree. It is limited unless your client wants to declare as the UB owner of Whitetree. That would be fine but it means high compliance standards. I understood that was an issue. Situation is same for Merkosian having a Whitetree board seat or right to sign in Cyprus. If you want those points reworked let me know.

Andy

Gentlemen:

Thank you for a productive call. As discussed I propose the following next steps:

- I. White Tree to provide a draft term sheet for review by Voss Reedstein- The goal is to develop a final, binding Amerimark term sheet within the next 5 days.
- II. I will provide KYC materials for Mr. Markosian.
- III. Voss Reedstein to provide introductions to potential paying/ transfer agents.
- IV. Voss Reedstein to provide introductions to banking relationships for AmeriMark Groups' U.S. shareholders.
